Judge Rules Controllers Are Striking

WASHINGTON (AP) — A federal judge has ruled that what-ever Air Traffic Controllers have been doing for the past two weeks—sick-in, slowdown, sick-out—is, in fact, a strike.

Judge George L. Hart Jr. found the Professional Air Traffic Controllers Organization—PATCO—guilty of contempt Tuesday, but put off announcing any penalties until Saturday.

Meanwhile, 90-minute delays remained at several major airports and flight volume has been cut 40 per cent along some routes. Controllers continued to return to their control towers and air traffic radar scopes, but not in sufficient numbers to totally cure air travel woes.

Hart showed sympathy for the men who claimed to be ill, saying they had acted "under extreme provocation," adding "you just can't strike against the government for any reason." For the moment, at least, Hart turned aside a government request to fine the union.

PATCO and its executive director, F. Lee Bailey, are protesting what they say is government inattention to having more controllers on the job working with improved equipment.

A PATCO spokesman had no comment on the decision.

Hart's decision does open the way, however, for the government to seek legal penalties against controllers who still refuse to return to work.

Technically, the judge's decision found PATCO in civil contempt of an earlier restraining order handed down by the court. He issued a preliminary injunction against continuation of the strike.

Hart pleaded from the bench for "every controller who is able to go back to work as soon as possible." Bailey asked his men to do the same thing last week.

Water Fund Shortage Under Probe

JACKSONVILLE, Ark. (AP) — The Pulaski County Grand Jury's investigation into the fund shortage in the Jacksonville Water Department is to continue today.

Several witnesses testified Tuesday during a six-hour closed hearing, including several city employees.

An audit last February revealed a shortage of more than \$15,000 in the Water Department.

Kiwanis Club Speaker

ROBERT COMPTON

At Tuesday's meeting of Hope Kiwanis Club Robert C. Compton, an Attorney of El Dorado, was the guest speaker.

Though Mr. Compton recently announced his candidacy as Democratic nominee for the office of Governor in the coming primary election, his talk was not a campaign speech but dealt with politics in a general sense.

Mr. Compton related a humorous story about a man in a crowd whose stated purpose was not to participate but just to add to the crowd. He drew a comparison between this man and many citizens who take this same attitude toward politics.

"We teach our children that 'Politics' is a dirty word, and all politicians are grand rascals when we should be teaching them that good citizenship demands that we get involved in government and the issues of the day," said Mr. Compton.

"The thing that controls practically every segment of our lives is government. There is government regulation at some level in nearly everything one does. A greater part of one's income goes for support of government than for any other single purpose. If we are to maintain our government as we have

known it, if we are to prevent dictatorship of anarchy, Mr. Average Citizen must get involved and not just add to the crowd," stated Mr. Compton.

Guests at Tuesday's Kiwanis Club meeting were Mrs. E.P. Young, Jr., E.L. "Skipper" White, Hubert Thrash, and Jim Hart of Hope, and Jim Allen and Charles VanNess of El Dorado. Steve Harris and Tim White represented the local Key Club to complete the guest list.

Cold Front to Move Across State

By THE ASSOCIATED PRESS
Arkansas weather is in for a change today as a cold front was expected to move across the state late this afternoon and tonight.

The Weather Bureau said that very little shower activity was associated with the front, but by the time it gets to Arkansas enough moisture was expected to be available to trigger shower activity.

The showers were expected to be short lived and decreasing cloudiness was expected for Thursday, the bureau said.

The Weather Bureau said that dry air was expected to settle over the area once again by Thursday and spring-like weather should return.

Highs Tuesday ranged from 70 at Memphis to 84 at Texarkana. Overnight lows included 55 at Fayetteville, 51 at Harrison, 48 at Jonesboro, 50 at Pine Bluff and Memphis, 44 at Little Rock, 53 at Texarkana, 45 at El Dorado and 47 at Fort Smith.

No precipitation was reported in the 24-hour period which ended at 7 a.m.

Merger of Three Firms Abandoned

LITTLE ROCK (AP)—It was reported Tuesday that plans for a proposed merger of three Arkansas companies with Bloomfield Building Industries Inc. of Memphis have been dropped.

Joe K. McCarty, an officer of the three Arkansas firms, said he made the decision to abandon the merger plans.

McCarty is board chairman of Intermed International, Inc., and president of Keymaster Corp., both of Pine Bluff, and board chairman of Pacesetter Corp. of Little Rock.

Clears Postal Pay Hike for Senate Vote

By LAWRENCE L. KNUSTON
Associated Press Writer

WASHINGTON (AP) — A 6 per cent general pay raise for postal workers and nearly all other federal employees has been cleared for final Senate action, but Democrats say they'll fight any subsequent move to finance it through higher postal rates.

The Senate Post Office and Civil Service Committee backed the measure to a minor House-passed postal bill Tuesday. But the panel made it clear a second 8 per cent pay hike for postal workers will be considered separately.

Government and union negotiators worked out the two-stage pay plan to settle a simmering postal pay dispute, which resulted in the nation's first mail strike.

The President has asked for an increase in the first-class postage stamp from six to 10 cents to help pay the estimated \$36 billion costs of the wage boosts. He has tied the 8 per cent raise for postal workers to his proposal for a postal corporation.

Addressing itself to the 10-cent stamp proposal, the committee unanimously approved a resolution saying "there should be no increase until such time as mailers using other than first-class privileges pay their fair share of postal costs."

Sen. Gordon Allott, R-Colo., chairman of the Republican Policy Committee, told newsmen if the 6 per cent boost had not gone through committee Tuesday, the nation would be faced with another postal strike.

He said the next task is to work out a postal reorganization plan, adding, "Frankly, if it is not worked out the system will fall flat on its face."

In the House, meantime, it appeared Nixon will get a hearing on his proposal for a speedup in collection of estate taxes to help finance the pay increases. The speedup is another part of the administration's package to pay for the increases.

But Wilbur D. Mills, D-Ark., chairman of the House Ways and Means Committee, said his panel can't possibly get to the proposal until late summer.

Mills also said the pay package offered by the administration torpedoes any hopes for a budget surplus.

Continue Search for 5 Escapees

CUMMINS PRISON FARM, Ark. (AP) — Authorities were to continue searching today for five inmates who escaped Tuesday from Cummins Prison Farm.

Among the five was Winston R. Blair, 22, of DeQueen, who was serving a life sentence from Polk County for murder. Prison officials first reported three inmates had escaped. However, a check revealed that two others were missing. Officials said they assumed the five left together.

Authorities said the inmates apparently took a state truck from the Cummins garage, drove it to the northern part of the farm and abandoned the vehicle when it became stuck.

Besides Blair, the escapees were identified as Homer F. Yates, 33, of Bradford, serving six years for burglary and grand larceny and escape from Jackson County; Russell C. Gross, 40, of Winchester, Ky., serving 20 years for burglary and grand larceny and parole violation from Phillips County; Blass Stevenson, 42, of Little Rock, serving seven years for burglary and grand larceny from Van Buren County, and James W. Moore, 37, of North Little Rock, serving seven

years from White County for possession of burglary tools and possession of gambling devices. It was not known whether the escapees were armed.

Stops Plan to Give Drug to Drunks

LITTLE ROCK (AP) — Municipal Judge William R. Butler's program to give a drug to habitual drunks in the hope of curing them apparently has been halted.

Butler said Tuesday the plan is opposed by Municipal Judge Quinn Glover and Police Chief Gale F. Weeks.

"I've got to have some cooperation from other officials before I can do it," Butler said. Butler, who presides over the traffic division of Municipal Court, initiated the plan March 26 while he was presiding for Judge Glover.

Under Butler's plan, the drunks would have the choice of going to jail for a year or taking a pill daily in the presence of Little Rock police. The pill, antabuse, does nothing to a human unless the person consumes an alcoholic drink. The drug then causes vomiting.

Weeks said Tuesday he was opposed to policemen dispensing drugs.

"It's just a question of me dispensing drugs and then having something happen," Weeks

335 Americans Prisoners of North Vietnam

NEW YORK (AP) — An anti-war group announced Thursday that it has confirmed a total of 335 American servicemen, including one Arkansan, being held prisoner by the North Vietnamese.

Cora Weiss, cochairman of the Committee of Liaison, said confirmation of the names had been received from Hanoi. The Arkansan listed was James Lasley Lamar of Little Rock.

The U.S. government says more than 1,400 Americans are believed held in North Vietnam, but that the North Vietnamese have refused to provide names. The Committee of Liaison claims it is the only group which has been able to confirm names of prisoners.

Will Arrange Waterworks Negotiations

LITTLE ROCK (AP) — State Labor Commissioner Arthur H. Hays said Tuesday the state Labor Department will try to arrange negotiations between the Little Rock Waterworks and the union that has been on strike against it since Feb. 18.

"We will offer to act as a mediator and try to come to conclusions satisfactory to both sides," Hays said. He said he hoped to make the offer before the end of the week.

Mrs. Jeanne Lambie, president of State Council 38, American Federation of State, County and Municipal Employees, AFL-CIO, said Tuesday she had mailed a letter asking Hays to intervene.

said. "As an enforcement agency, I just don't want to get in the business of dispensing drugs."

Glover said antabuse was a dangerous drug.

"If it (the drug) could be given under proper medical supervision, I might be in favor of it, too," Glover said. "But I don't believe in letting the police dish out pills."

Butler said nine of the 13 volunteers he enrolled in the program last month "are taking the drug religiously" in the presence of his court clerk. He said the four others who had pledged to participate had never appeared and warrants have been issued for their arrest.

John Wayne Finally Gets That Oscar

By GENE HANDSAKER

Associated Press Writer
HOLLYWOOD (AP) — Rugged John Wayne, the sentimental favorite, has capped 40 years of movie heroics by winning a best actor Oscar for playing the fat, one-eyed marshal of "True Grit," a spoof of his usual westerns.

Motion picture Academy voters awarded best picture honors Tuesday night to a youth-oriented, seamy tale of friendship between a sick Manhattan bum and a Texas male prostitute, "Midnight Cowboy."

Britain's Maggie Smith, in an upset over such glamorous domestic types as Jane Fonda and Liza Minnelli, was named best actress. She played the opinionated school teacher in "The Prime of Miss Jean Brodie."

Scores of stars, dazzling in their finery, turned out for the ceremonies at the Los Angeles Music Center. The show, televised internationally by satellite, ran nearly half an hour over its scheduled two hours.

Goldie Hawn, the blonde giggler of television's "Laugh In," was chosen best supporting actress. She played Walter Matthau's girl friend in "Cactus Flower."

Gig Young bounded onstage as if on springs to accept the supporting actor award for his performance as the breezy master of ceremonies at a dance marathon in "They Shoot Horses, Don't They?"

It was also a night for memorable moments:

—Beautiful Elizabeth Taylor, in a blue gown and wearing husband Richard Burton's gift \$1 million diamond in a necklace.

—Fred Astaire doing a twisting, capering, whirling dance at 70 as nimbly as in his films of yore.

—A salvo of applause and a 20-second standing ovation for graying Cary Grant, voted a special Oscar by the academy's governors for many memorable performances.

Wayne telling the audience: "I'm John Wayne. I work with my clothes on. I have to. Horses are rough on your legs—and your elsewhere."

Wayne received his Oscar for his role as hard-bitten, whiskey-drinking U.S. Marshal Rooster Cogburn in "True Grit." Striding solid and massive across the stage, Wayne, 62, said: "I shudder to put that patch on 35 years earlier."

Wayne noted he had picked up Oscars before for other winners, and that one night he picked up two—for director John Ford and the late actor Gary Cooper.

"I was clever and witty then," Wayne said, his voice roughening with emotion. "Tonight I don't feel very clever and witty. I feel grateful and humble. I owe thanks to many people."

Barbra Streisand presented Wayne's Oscar.

Miss Taylor presented the best picture award, saying the five nominees were "from an abundance of excellence."

HELEN HELP US!

by Helen Bottel

HELP FREE AMERICAN PRISONERS

Dear Helen: After I wrote to you last year about my relative who was a prisoner of war, your readers responded in great number asking the Paris delegation to stir up action for the humane care of American prisoners in North Vietnam. Shortly afterwards my relatives was freed. He is one of only nine who has been allowed repatriation by the Hanoi government.

This is all the more reason why I urge Americans to keep on sending letters, for now I know firsthand what some 1400 prisoners of war are suffering. They do not have proper food or medical care, they have no communication with the outside world—often their families don't know whether they are living or dead. They are sometimes kept in solitary confinement for extended periods. Some have gone almost two years without speaking to another human who understands them.

Yet the leaders of North Vietnam have shown they are sensitive to world and U.S. public opinion. It is important that they be made aware that the overwhelm-

ing majority of American citizens, regardless of their individual beliefs about the war, are deeply concerned about the treatment of prisoners.

Please, won't everyone take time to write a letter pleading for the identification of prisoners held, the release of the sick and wounded, impartial inspection of prisoner-of-war camps, and the free exchange of mail? Make the letter brief and polite and send them to:

Office of the President, Democratic Republic of Vietnam, Hanoi, North Vietnam (via Hong Kong)

Airmail postage is 25 cents for each letter under one-half ounce. Or you may send letters to:

Free The G.I.s, North Hackensack Station River Edge, New Jersey, 07661.

They will be sent to North Vietnam immediately.—STILL VITALLY CONCERNED

Dear Readers: My letter to Hanoi is already in the mail. How about yours?—H.

Dear Helen: My wife recently returned to work after 20

years of being just a wife and mother. She has always been a rather pliant, quiet woman. Lately she spends a great deal of money on smart clothes, make-up, and has even changed the color of her hair.

One night a week she goes bowling with a mixed league, not necessarily husbands and wives. Bowling starts at 7:30 but she usually doesn't come home until around 1:30 a.m.

She claims they only have a few drinks, some laughs and talk bowling afterward. I'm the only husband who makes a fuss, she says.

Am I worrying unnecessarily?—JOE

Dear Joe: Perhaps if you had worried—necessarily—about your "plain, quiet just-a-wife-and-mother" mate over the last 20 years she might prefer you as her bowling league partner. It's a little late, but if you treat her as a desirable woman you can still make her team.—H.

Dear Helen: My husband yells "shut up" to our children, if they interrupt a TV program or are just happily noisy. Yet if they tell anyone to "shut up," he punishes them for being impolite. Is this fair?—MRS. T. F.

Dear Mrs. F: No, it is not fair. And I hope he doesn't yell "shut up" when you tell him so.—H.

Golfers Win, Track Team Places 3rd

By BILL MOORE

The HHS golfers defeated Magnolia yesterday, 12½ to 5½, for their 4th win against one loss. Jack Turner took medalists honors with a 5 over par 75, followed by Jimmy and Jerry Pruden at 79 each, and Ralph Routhon with an 85.

Hope had 318 total strokes, 12 more than Magnolia, at 330, and only three shy of the school record.

At Smackover Tuesday, the Hope Tracksters placed third overall, in a field of six.

In the 440 relay, Hope broke the school record of 4:54 with a 4:51 flat timing, although only finishing second.

In the 880 run Tommy Frazier finished 3rd with a 2:11.0 and Roy Rogers 4th, with a 2:12.5. Roy also placed 4th in the mile run.

Lee Davis won his heat in the 100 yard dash and Artis Martin placed 4th, while Steve Harris placed 2nd in the 440 run with a 57.4.

Ray Wheelington took first place in the 180 yard hurdle and 220 run, and Lynn Norton placed fourth in both the shot and discus.

In the Junior High, David Johnson won the broad jump with 18.5 and placed 2nd in the 100 yard dash with a 10.6 and second in the 220.

Melvin Weston won the 220 slow heat, while Mike Waters ran a 2:21.7, placing third in the 880 run.

David Huddleston and Mike Crawford placed second and fifth in the shot, respectively, and Buddy Ingram won the pole vault with a vault of 9 feet.

SWC Teams Sign Several Cage Players

By THE ASSOCIATED PRESS

Baylor, Texas Tech, and Texas Christian signed standout schoolboy basketball players Tuesday.

The Bears landed three shot-makers, including Lee Griffin of Houston Westbury, rated one of the top prospects in the state. The others signed by Baylor included Doug Schneider of McAllen and Will Carter of Edough-Elsa.

Texas Tech signed Richard Little of Abilene who averaged 21.3 points per game and was a second team Class AAAA all-state selection.

Texas Christian signed Jeff Wright, who compiled a 21.6 scoring average at Fort Worth Wyatt.

Griffin averaged 17.7 points and 12 rebounds per contest. Schneider averaged 17.5 points and 15 rebounds. Carter averaged 18.2 points. All three made all-district.

Broyles Still Not Pleased With Porkers

FAYETTEVILLE, Ark. (AP) — The Arkansas Razorback football team resumed spring practice Tuesday after a two day layoff and coach Frank Broyles was not pleased.

"Monday is always a bad day," Broyles said. "But when your Monday is a Tuesday, it makes it even worse."

Broyles said the Razorbacks attempted to correct mistakes which showed up in Saturday's scrimmage.

The Razorbacks practiced for two hours and 10 minutes Tuesday and Broyles said a "half scrimmage" was scheduled for today.

Mets Are Off on Right Foot This Year

By DICK COUCH

Associated Press Sports Writer

Frank Lucchesi is off and running; Sparky Anderson is off and winging and the New York Mets are finally off on the right foot.

It took one Short cut to get Lucchesi in high gear, two arms to get Anderson off the ground and eight years and 11 innings to get the Mets safely out of the starting gate.

Right-hander Gary Nolan kept Anderson, Cincinnati's new skipper, in orbit by following southpaw Jim Merritt's three-hit opening day triumph over Montreal with a two-hit 4-0 conquest of Los Angeles.

The world champion Mets, winless in all eight of their previous season openers, tripped Pittsburgh 5-3 on Donn Clendenon's two-run pinch single in the 11th inning.

In other National League opening games, Norm Miller's three-run pinch homer carried Houston past San Francisco 8-5 and a three-run blast by Nate Colbert helped San Diego stun Atlanta 8-3.

St. Louis played its first game today at Montreal.

In American League play, Baltimore whipped Cleveland 8-2; California slugged Milwaukee 12-0; Minnesota blasted the Chicago White Sox 12-0; Washington battered Detroit 14-4; Oakland topped Kansas City 6-4 and Boston edged the New York Yankees 4-3.

Short, who pitched just 10 innings last April before undergoing surgery for the removal of a herniated disc, launched his comeback with a five-hit performance against the powerful Cubs. It was his first victory since Sept. 29, 1968, and his third opening day shutout in 11 years with the Phils.

Nolan, 21, checked the Dodgers on two singles—both by Willie Crawford—and permitted just four other runners to reach base, three on walks and the other on an error.

Ex-Pirate Clendenon drilled a single off reliever Joe Gibbon's first pitch with the bases filled in the 11th, giving the Mets their opening day breakthrough. Pittsburgh had tied the game against Met ace Tom Seaver in the sixth on a triple by Matty Alou and Roberto Clemente's single.

Miller drove Gaylord Perry's two-strike delivery over the left field fence in the seventh inning at San Francisco, knocking in three runs to snap a 3-3 tie. The Giants rallied for two runs in the bottom of the inning but Houston relievers Jack DiLauro, Jim Bouton and Fred Gladding stopped them the rest of the way.

Colbert's homer off Atlanta ace Phil Niekro climaxed a five-run third inning explosion and the Padres breezed home behind Pat Dobson and reliever Ron Herbel.

Lakers Force Turnabout in Playoff

By LEE GOULD

PHOENIX, Ariz. (AP) — The Los Angeles Lakers, "acting more like a close-knit unit," and sporting a hard-nosed defense, have forced a turnabout in the National Basketball Association's Western Division playoffs.

Down 3-1 in the best-of-seven series with the Phoenix Suns, the Lakers have roared back to knot the matches, 3-games-all, with two straight victories, including a 104-93 decision Tuesday night.

Final game is Thursday night in the Los Angeles Forum.

Milwaukee and New York begin a best-of-seven series Saturday in New York to decide the Eastern Division championship.

Laker coach Joe Mullaney credits newfound player cooperation for the turnabout in Laker playoff fortunes. " (Wilt) Chamberlain sacrificed his offense to help us," he said.

The Dipper may have sacrificed himself offensively, with 12 points, but he made up on defense, with 26 rebounds.

Jerry West led all scorers with 35 points, and was credited with an unofficial 12 steals defensively.

About as damaging to the Suns, however, was the play of guard Keith Erickson.

Erickson, who sat out most of the first half and didn't score a point, came off the bench in the last half to score 15 points and harry the Suns on defense.

His two buckets broke open a 73-73 deadlock going into the fourth period, and a key steal from Dick Van Arsdale with 2:30 remaining helped ice the win.

Phoenix committed 23 turnovers, including two in a row after narrowing LA's lead to 93-91 with only three minutes to play.

Connie Hawkins led Phoenix scorers with 24 points, while Van Arsdale came in at 21. West's efforts were followed by Elgin Baylor and Dick Garrett, who scored 19 each for the Lakers.

Some Notes About Auto Racing

By BLOY'S BRITT

AP Auto Racing Writer

NEW YORK (AP) — Don't ever accuse A.J. Foyt of having an obsession for auto racing.

Someone remarked recently that the five-time U.S. driving champ, now 35 and bent on winning his fourth Indianapolis 500, "never will quit. He has all the money he needs, but he has an obsession to drive and to win."

Foyt, so the story goes, overheard the remark and gave this definitive reply:

"I'm not driven by obsession. If there's any driving to do around here, ol' A.J. will do it himself. Obsession is going to have to get a car of his own."

According to Mrs. Alec Umann, wife of the event's founder, efforts are being made to lease a site owned by the city and located near the present course. If successful, the new circuit would incorporate the present pit road and ramble into the countryside to the rear of the old paddock area.

Mrs. Umann said a course "worthy of the 12-Hours of Sebring" would cost about \$3 million.

Rockets Can Clinch Tie With Win

By THE ASSOCIATED PRESS

Los Angeles, Washington, Dallas and New Orleans played musical chairs again in the Western Division of the American Basketball Association but they didn't disturb Denver.

After Tuesday night's games, there were new second, third, fourth and fifth place teams in the West following these results: Los Angeles 129, Miami 114; Kentucky 118, Dallas 112; and Washington 115, New Orleans 111.

Washington moved into second place in the hot scrap for playoff berths, followed by Dallas, Los Angeles and New Orleans, which is now a half-game behind the Stars in the battle for the final post-season spot.

Denver, in last place until a coaching change after the season started, was 1d1 but the Rockets can clinch at least a tie for the West championship tonight by beating Dallas and win the title outright if Washington also loses to Los Angeles.

Tuesday night's ABA doubleheader at Washington Coliseum conflicted with a Senators-Detroit major league baseball game but basketball won the attendance fight 4,018-3,372.

Rick Barry's 19-point explosion in the fourth quarter led the Caps past New Orleans. Washington overcame a 12-point deficit and outscored the Bucs 38-22 in the final period. Barry finished with 44 points while Steve Jones was high for New Orleans with 26.

The first game saw Los Angeles roar to a 67-46 halftime lead over Miami and then coast in the final period. Willie Wise's 26 points and George Stone's 23 paced the Stars. Don Sidle led Miami with 24.

Kentucky broke Dallas' five-game winning streak as Darel Carrier scored six clutch points in the final 39 seconds for the Colonels. Carrier finished with 38 points while Dallas' high man was Cincy Powell with 27 points.

Alyea Finds a Home at Minnesota

Brant Aleya's famous yo yo imitation may be over at last.

Aleya has been up and down and all around the Washington organization so often over the last few years that there were times when he looked to see where the string was attached. But now he seems to have found a home in, of all places, Minnesota's outfield.

He blasted two homers and two singles, driving in seven runs in the Twins' 12-0 Opening Day romp over Chicago and those are impressive credentials, even for a yo yo.

Elsewhere in the American League Tuesday, California welcomed Milwaukee back to the majors with a 12-0 shellacking of the Brewers, Baltimore slugged Cleveland 8-2, Boston tripped New York 4-3, Oakland defeated Kansas City 6-4 and Washington pounded Detroit 14-4.

In National League openers, New York tripped Pittsburgh 5-3 in 11 innings, Philadelphia shut out Chicago 2-0, Houston dropped San Francisco 8-5, Cincinnati blanked Los Angeles 4-0, and San Diego beat Atlanta 8-3.

Until Tuesday, Aleya's claim to fame had been a home run in his first major league swing with the Senators back in 1955 and stickers on his luggage since then that read Hawaii, York, Montgomery and Buffalo — all ports of call for Washington hopefuls.

Aleya got into 104 games with the Senators last year and was one of the few hitters who lost ground instead of gaining it under Manager Ted Williams.

"I wasn't one of his proteges," said Aleya. "I batted .270 the year before he took over and .250 under him."

The Senators, shopping for pitching help this spring, dealt Aleya and his active luggage to Minnesota for Joe Grzenda three weeks ago. He was installed in left field and now it looks like he can unpack for keeps.

Stanley Cup Playoff to Start Tonight

By BEN THOMAS

At least the Stanley Cup playoffs still have Gordie Howe even if they don't have the Montreal Canadiens.

The National Hockey League post-season fight for the Stanley, symbol of world supremacy, starts tonight with the Canadiens on the sidelines for the first time in 22 years.

Winners of a record 12 Stanley Cups including the 1969 championship, Montreal was shoved out of the playoffs in 1970 on the final day of regular season play by New York.

The venerable Howe hasn't been in quite as many playoffs as the Canadiens but this marks the 19th year for the durable Detroit star, who recently celebrated his 42nd birthday.

Two games in each division tonight start the best-of-seven quarter-final series in the NHL and with Toronto also on the sidelines the United States is assured of its first Stanley Cup since 1961, when Chicago won.

In the East, New York is at Boston and Detroit at Chicago. The West matches send Minnesota to St. Louis and Oakland to Pittsburgh.

Howe's 19 years in the playoffs equals the NHL record held by Red Kelly, who is also a Stanley Cup playoff participant this year—but as coach of the Pittsburgh Penguins.

Gordie needs a total of 14 playoff games to equal the record of 164 by Kelly, who was in the playoffs every year from 1948-67 except 1959 while playing for the Red Wings and the Toronto Maple Leafs.

In his 150 previous playoff games, Howe has scored 156 points, including 91 assists—both postseason marks.

This is the first time in modern NHL history there is an all-American cast for the Stanley.

The East combatants are fresh from the wildest race in NHL history. The Black Hawks wound up in first place, becoming the first club to move from last place to a regular season title in one year. Boston was second, Detroit third and New York fourth.

Chicago will pit the firepower of Bobby Hull and Stan Mikita plus rookie goalie Tony Esposito, whose 15 shutouts were a modern NHL record, against Detroit's veterans, headed by Howe, Alex Delvecchio and Frank Mahovlich.

Baseball Draws 338,655 Fans Opening Day

By THE ASSOCIATED PRESS

A total of 338,655 baseball fans turned out for the major league openers Monday and Tuesday.

The American League reported 171,759, which included 45,015 for the Presidential opener on Monday. The largest Tuesday attendance was the 38,180 at Cleveland where Baltimore beat the Indians.

The second largest turnout of 37,237 was at Milwaukee where California beat the Brewers.

The National League's largest crowd of 34,249 was at Pittsburgh where the world champion New York Mets beat the Pirates in 11 innings. It was the largest opening day crowd at Forbes Field in 22 years.

Long Hitters to Reap the Dividends

By WILL GRIMSLEY
AP Special Correspondent

AUGUSTA, Ga. (AP) — Jack Nicklaus and Arnold Palmer, two notoriously long hitters, agreed today that they—and other long hitters—will reap the greatest dividends in changes made in the Augusta National course for the 34th Masters Golf Tournament, starting Thursday.

"I figure it'll hold the big hitter by three or four shots for the four days," said Palmer, who will shoot for his fourth Masters title.

"I don't necessarily agree with the changes but they'll definitely give me an advantage," acknowledged Nicklaus, who has three Masters green coats in his closet and, as the longest hitter in the game, is favored to make it four in the 72-hole event which ends Sunday.

The last two days will be televised by CBS, 5-6 P.M., EST, Saturday and 4-5:30 P.M., EST, Sunday.

The two major changes in the 6,980-yard, par 72 courses concern the first and 15th holes. On the 400-yard opening hole, a trap at the right of the fairway has been extended 10-15 yards.

On the 520-yard, par 5 15th, where Gene Sarazen won his famous double eagle in 1935, the tree has been relocated, extending the distance some 25 yards, and a cluster of small mounds—looking like dinosaur graves—were placed on the right side of the fairway in the normal target area.

"Not many players will attempt to reach the 15th in two," said Nicklaus. "I can still do it—with a brassie if the wind is in my face and with a long iron if I get a good tee shot."

Nicklaus, because of his power, is a 4-1 favorite in the field of 83, which includes the top name golfers of the world. The breakdown is: 55 U.S. professionals, 13 U.S. amateurs, 16 foreign pros and one foreign amateur.

Play starts at approximately 9 a.m. with those two octogenarians—Freddie McLeod, 87, and Jack Hutchinson, 85, champions of an another generation—serving again as honorary starters.

This isn't the richest tournament on the schedule but is one of the most prestigious, the winner being promised a million dollars in endorsements and other fringe benefits.

The total purse last year was \$186,975 with \$20,000 going to George Archer, the winner. George Knudson, Bill Casper and Tom Weiskopf, who tied for runner up, got \$12,333 each.

The towering Archer, a 6-

foot-6 Houdini on the greens, doesn't think much of his chances of repeating. Since his 1969 victory, he has had nothing but trouble—a stomach ailment, then arm problems, a hitch in his swing.

"I developed a bad hook and now I've got a slice," he said forlornly.

As for Casper, Pro of the Year and leading money winner in 1968, the quiet man from Bonita, Calif., who led through the third round a year ago, is playing it cool although allergies forced him to miss the entire Florida tour.

"I'm playing all right. I've had a 70 and 71 in practice," Casper said. "I have a new set of clubs, lighter steel shafts, and I'm hitting the ball higher and farther. I'll continue to play the course conservatively—I don't think you can attack it."

Orville Moody, the moon-faced U.S. Open champion, is playing in his first Masters and he's pleased to find the Augusta course not the ogre he expected.

"I was scared to death when I came here," he said. "But, shucks, the course is not so tough. The fairways are wide and there's plenty of hitting room. I think my game is geared for this kind of course."

Gary Player, the South African who is constantly surrounded by a cordon of uniformed and plain-clothes security men because of rumored threats from militant racist groups, continues on the hot streak that won him the Greater Greensboro Open last Sunday.

"I'm really pleased with my game—I consider my chances good," said the little physical fitness expert who beat out Palmer here in 1961.

He's the only foreigner ever to win here. No amateur has succeeded but Steve Melnyk, the 240-pound U.S. Amateur champion from Jacksonville, Fla., says, "I think an amateur can win. I haven't been over par in practice. Yes, with a break, I could win it."

Still everybody fears the powerful Nicklaus, recalling his record 271 score in 1965.

"The course is firm—the firmest it's been since 1961," says Big Jack. "The fairways are not lush—they'll have a lot of roll. The greens will be lightning fast. That means low scores for the good golfer, the man who has knowledge of the course."

He didn't say so, but you got the idea. He was talking about Jack Nicklaus.

Arkansas Game and Fish

By JAY KAFFKA

RUSSELLVILLE, April 3—Richard Been of Greenwood, Ark., is a fisherman who thinks big. He knew about the automobile-sized catfish in the Arkansas River below Dardanelle Dam, and he went looking for that record cat on March 28. The job called for heavy tackle, and like most fishermen in that area who fish only for the big stuff, he carried along a deep-sea spinning rig. He tied on cut shad and before too long he and a big cat were hooked up in a serious duel.

After a heavy battle period, Been finally beached the big cat. It weighed 47½ pounds, topping the old mark by 3½ pounds. The catch was witnessed by Frank Spiers of Lavaca and was verified by Wildlife Officer James F. Alkin of Dardanelle.

Prior to the construction of the Arkansas River impoundment, the state blue catfish record—set in 1961—was only 11 pounds and 11 ounces. In 1966, shortly after the dam was built, a fisherman from Tulsa using a deep-sea rig brought home a 44-pound blue cat.

Another reason many fishermen use deep-sea tackle in the area is the possibility of hooking up with an alligator gar. The same area produced a record 215-pounder back in 1964.

Other record fish taken from the Dardanelle dam area includes a 12-pound striped, and one of these days a fisherman with a deep-sea rig will probably haul in a 20-30 pound striped.

But then it pays to think big when you fish the Dardanelle portion of the Arkansas River. Ask Richard Been and others.

PUMA ON PROTECTICE LIST

LITTLE ROCK—Although not specifically stated, the puma, mountain lion or cougar as it is also known—is actually on the protected list of game species. Game and Fish regulations protect the animal, and many others, conversely by stating what animals may be hunted rather than list those protected.

According to the regulation pertaining to this matter, it is unlawful to "hunt or kill any wild animal or wild bird except during the declared open season."

The regulation adds that crows, English sparrows, starlings, bobcats, coyotes, groundhogs, gophers, nutria, and all wolves except the Red wolf may be hunted and killed during the entire year from sunrise to sunset. Since an animal or bird may be hunted only if a season is declared open, protection is provided in this means.

The matter of protection for

the puma, as well as endangered species and other types of birds and animals, came to light recently when a hunter killed a mountain lion in Ashley county.

COMMISSION BRIEFS—Fishery biologists from the Game and Fish Commission will participate in a fish farming session that will be conducted at Arkansas Tech on April 24. Fishery Chief Bill Mathis will discuss commercial production of catfish in cages on Commission-owned lakes. Biologist Raymond Martin, manager of the Centerton State Fish Hatchery, will speak on production and spawning fingerling fish. W.H. (Andy) Anderson of Hot Springs has been selected as the outstanding wildlife officer in enforcing wildlife safety for 1969. Anderson was presented a marine safety award and a certificate of appreciation from the National Safe Boating Week committee in recognition of his cooperation in publicizing water safety in Garland County. The next meeting of the Board of Commissioners of the Game and Fish Commission will be in Lake Village April 13-14.

Truck Union to Talk Over Strike Spread

By THE ASSOCIATED PRESS
Top officials of the Teamsters Union scheduled a meeting today in Washington to discuss spreading strikes by truck drivers dissatisfied with terms of a tentative national contract.

Frank E. Fitzsimmons, acting president of the union, summoned the leaders one week earlier than a planned general executive board meeting.

The walkouts gained momentum in the Midwest Tuesday and began spreading into the East. There were reports of violence against some Midwestern truckers who stayed on the job.

Trucking industry leaders in Chicago said they are prepared to retaliate against piecemeal strikes there with a general lockout of all drivers in the area.

The striking truckers outside Chicago are dissatisfied with a tentative \$1.10-an-hour wage increase agreed upon at national talks in Washington last week.

In the Chicago area, where the Teamsters and the Independent Chicago Truck Drivers Union negotiate separately from the national unions, talks have been deadlocked for more than a week. The two unions have been conducting strikes against selected firms.

Wildcat walkouts reached the East Tuesday when some 70 Teamsters struck a Carlstadt, N.J., firm.

REDECORATION OF THE RISING STAR BAPTIST CHURCH

Sunday, April 12, 1970 — 3:00 o'clock p.m.

500 Oak Street, Hope, Ark. Sermon—Rev. Joe Jones
All of the churches of the city and the surrounding area are invited.

The pastor, officers, and members of the Rising Star Baptist Church take great pleasure in expressing our appreciation to our many friends for your loyal and liberal support in helping us to remodel our church.

We also thank those who have sent messages and also are grateful for your many prayers. Yours in Christ, Pastor—W.M. Martin, Programs Chairman—Mrs. Jewel Witherspoon.

WILLIAM J. PATTERSON

SAN ANTONIO—Airman William J. Patterson, son of Mr. and Mrs. Joe P. Patterson of 402 W. 16th, Hope, Ark., has completed basic training at Lackland AFB, Tex. He has been assigned to Keesler AFB, Miss., for training in the communications field. Airman Patterson is a 1969 graduate of Hope High School.

walked off their jobs in Charleston and Clarksburg. There were reports of strikers throwing rocks at trucks crossing their picket lines in Charleston.

In the Midwest, at least 1,000 Minneapolis drivers joined a strike of 3,000 teamsters in St. Paul.

Another strike began in Oklahoma City.

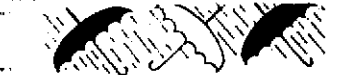

The walkouts started in Los Angeles, Milwaukee, St. Louis, Akron, Ohio, and other cities over the weekend.

Teamsters in the San Francisco Bay area, Cleveland and Columbus, Ohio, and St. Paul, Minn., followed suit Monday.

Federal mediators said Tuesday they believe the key to contract approval lies in Chicago. Nationwide strikes broke out in 1967 when the Chicago drivers won a higher wage hike than the national contract agreement.

At present the city's 50,000 drivers are demanding a wage increase of \$1.70 an hour over three years, which is 60 cents higher than the tentative national contract provides.

Union leaders throughout the country reported no success in talking the strikers into returning to work.

You save when you buy it. You save when you drive it.

When you buy any Impala V8 model during our "400" Sale, here's how you can get two popular extras at no extra charge.

You order your Impala equipped with a Turbo Hydra-matic transmission, radio, Comfortol steering wheel, front and rear bumper guards and white stripe tires. Items you'd probably order anyway.

Then we add our big 400-cubic-inch V8 at 265 hp that runs on regular gas, along with dual exhausts—both at no charge.

(The manufacturer's suggested retail price including Federal excise tax for the regular fuel 400 V8 and dual exhausts is \$93.75.)

But that's only the beginning. Because your Chevrolet dealer is really anxious

to deal these days.

And the Impala you're buying, of course, got to be America's No. 1 car, because of all the value features built right in. Features like flush-and-dry rocker panels that fight rust. Inner fenders to protect the outer fenders. Long lasting bias belted ply tires, steel guard beams in every door for added protection, an acrylic lacquer finish over its solid Body by Fisher.

All of which contributes to Impala's traditionally high resale value, too.

West's jump to four hearts illustrates another bridge disease: Overvaluation of your own suit. We can't blame North for blasting to a slam after that jump nor can we fault West for doubling the slam. His trump holding looked good enough to be proof against any series of plays by declarer.

Actually, West was so sure of himself that he decided to go out for a big set. Therefore, he opened the jack of diamonds and sat back to cash in on the expected bonanza.

There was a bonanza, all right, but it went to North and South. South promptly cashed dummy's top diamonds to get rid of his spades. Then he ruffed a spade, went to dummy with a top club, ruffed another spade, played another club to dummy and ruffed a third spade.

At this point, South had eight tricks in and was holding his ace-king-jack of trumps and two baby clubs. North held two spades, a diamond and the 10-6 of trumps. Poor West still had the five trumps he had started with.

Now South led one of his little clubs. West went into one of those huddles to end all huddles. South showed him his hand but West continued to huddle. Finally South said, "I'll let you try both plays you are thinking of. If you ruff low, I will just overruff in dummy for my ninth trick and will still make all my trumps, since I have no intention of ruffing with my jack. If you ruff high, you will have no way to keep me from making all my three trumps and dummy's 10 later on."

Orders Kirk to Stop Interfering

By ERIC SHARP
Associated Press Writer
TAMPA, Fla. (AP) — U.S. Dist. Judge Ben Krentzman has reinstated Manatee County school officials and ordered Gov. Claude Kirk to stop interfering with the county's school desegregation program.

He also ordered Kirk to appear personally in court Friday to answer contempt charges.

Kirk suspended the Manatee school board and Supt. Jack Davidson Sunday, declared himself superintendent and ordered 17,000 pupils to ignore Krentzman's ruling that the schools must be totally integrated Monday morning.

Krentzman told Millard Caldwell, a former Florida governor and former state Supreme Court justice who represented Kirk in a hearing Tuesday, that federal civil law made Kirk responsible for carrying out the orders of any public body which he suspends.

The governor was in Tallahassee Tuesday to address the opening session of the state legislature.

In Kirk's absence, Krentzman delayed action on the contempt proceedings. But he ordered the desegregation plan placed into operation no later than Thursday.

Kirk and Lt. Gov. Ray Osborne were in Bradenton, seat of Manatee County on Florida's Gulf coast about 50 miles south of Tampa, to direct the operation of the schools Monday.

They left after Krentzman issued an order enjoining them from interfering with the school system and requiring Kirk to show cause why he should not be held in civil contempt.

Davidson resumed his job as superintendent Tuesday. After the court hearing Tuesday, Davidson said he would "implement the order as directed by the court," but he again expressed disapproval of the court's integration plan.

Luxury Hotel Plans Dropped

LITTLE ROCK (AP) — Plans for construction of a luxury hotel with convention facilities near downtown Little Rock apparently have been abandoned.

Supermarket Shopping Is Test of Endurance and Survival for Man

By HAL BOYLE
NEW YORK (AP) — One of life's little ordeals for a mere man is supermarket shopping.

It is for him more a test of endurance and survival than of character.

For if there is one place in the modern world where woman doesn't have to struggle to obtain equal rights, it is in the average supermarket. There, in the unending war between the sexes, she has every advantage; man is at every disadvantage.

A grown man is as out of place alone in a supermarket as a 3-year-old child at a picnic of banquets and harpies. There is something about his presence there that arouses the killer instincts in veteran women shoppers.

They take out on him all the pent-up wrath they have felt in centuries of submission to male domination.

All a guy making his first trip through a supermarket has to do is to innocently ask a lady where the cans of dog food are. A look of unholily glee crosses her face as she deliberately misdirects him to the frozen vegetables department.

Capitol Cafeteria Is Substandard

LITTLE ROCK (AP) — The cafeteria in the state Capitol building can't use its kitchen until improvements are made so the facility will conform to standards of the Little Rock Health Department.

The cafeteria has been operated under a lease by the state Rehabilitation Services for the Blind for about two months.

L. H. Autry, director of the Rehabilitation Services for the Blind, said a source of state funds is being sought so the necessary improvements can be made.

Japanese Explosion Kills 76

OSAKA, Japan (AP) — A series of gas explosions ripped through a subway construction site in northern Osaka late this afternoon, killing 66 persons and injuring 210 others, police reported.

Osaka's pride, the Expo '70 world's fair, was not damaged. Police said the explosion site was 10 miles from the fair grounds.

Many of the injured were in serious conditions. The explosions touched off fires in an area a mile square.

Three explosions in quick succession occurred about 5:30 p.m., just after offices had closed for the day and most subway trains were jammed with commuters on the way home.

Police said many of the victims were commuters. The explosions leveled several buildings, and the fires that followed destroyed about 30 houses, police said.

Investigators "attributed the explosions to leakage in the municipal gas system. The disaster occurred about 33 feet underground, in an area where workers were constructing a new subway line.

Police ordered an immediate investigation to determine the cause of the explosions, which came over a 330-foot area.

One witness said he spotted flames licking at pipes in the subterranean work area seconds before the explosions rocked the area.

"I ducked and became almost deaf from the explosions," said Jun Ji Matsushita, 34. "Then I saw columns of fire shooting about 10 meters (33 feet) into the air from below the ground."

Nader's Raiders Claim Food, Drug Agency Is Completely Shackled

By G. DAVID WALLACE
Associated Press Writer
WASHINGTON (AP) — The Food and Drug Administration has permitted itself to be shackled to a chemical and genetic time bomb by the food industry, a report by investigators working under consumer advocate Ralph Nader said today.

"Nader's Raiders" charged the agency with wasting time on senseless campaigns of harassment while the food industry develops techniques "for manipulating the content of food products as dictated by corporate greed and irresponsibility."

"Until the FDA recognizes the food business for the profit-making giant that it is, this public agency will continue to be the vessel of an industry which through callousness, ignorance, or greed routinely mauls the public interest," the report said.

The investigators, the so-called Nader's Raiders, are young lawyers and law students recruited by Nader to look into areas of alleged consumer abuse.

The report, devoted almost entirely to what it termed the "total collapse" of the FDA's food regulation activities, said the agency had in effect reversed procedures for insuring the safety of food additives.

Instead of following the law requiring additives be safe, the report said the FDA accepts of ten insubstantial industry evidence, allows the chemicals' use and then challenges critical researchers to prove the ingredients unsafe.

In addition, the report said, the agency allows the industry to mask the additives' presence by freeing producers from the responsibility of listing ingredients on labels.

Further, the Nader investigators alleged, the FDA ranks sanitation inspection among its lowest priority jobs, taking the position food processors will maintain clean conditions voluntarily.

Yet the agency's own figures show in fiscal 1969 only 39 percent of the establishments inspected were in compliance with sanitary regulations, the report went on.

While this was going on, the FDA continued what the report said was senseless harassment against the late psychoanalyst Wilhelm Reich. The agency destroyed devices Reich claimed could improve health and burned his highly regarded books, the report said, when the time could have been spent on more important tasks.

Also called into question by the investigators was the FDA's attitude toward pesticides and food.

Over a three year period ending in June 1966, the agency inspected 49,044 food shipments for pesticide residues in excess of federal tolerances, the investigators said, a total of 0.7 percent of all shipments.

"With over a 99 percent chance of going undetected, there is little incentive provided by the program to apply pesticides sparingly," the report said.

The result, said the report, has been deteriorating quality of the nation's food supply, permitting the market basket to become a carrier of disease and allergies for this generation and possible mutation for future generations.

2 Astronauts Show Signs of Measles

By HOWARD BENEDICT
AP Aerospace Writer
CAPE KENNEDY, Fla. (AP) — Two of the Apollo 13 astronauts could break out in a rash of German measles at any hour, their doctor reports. If so, their planned trip to the moon starting Saturday will be postponed until May 9.

Medical specialists studied additional blood samples of all three crewmen—James A. Lovell Jr., Thomas K. Mattingly II and Fred W. Haise Jr.—to obtain up-to-date information on their immunity levels.

All three have been exposed to German measles through contact with Apollo 13 backup astronaut Charles Duke, who came down with the disease Sunday.

Medics are especially concerned about Mattingly. They reported Tuesday night he apparently had no immunity to German measles and that he might be coming down with the disease.

Earlier Tuesday they said that both Mattingly and Haise had a possibility of being infected. Dr. Charles A. Berry, chief astronaut physician, said that if symptoms develop, they could be expected within 24 to 48 hours.

He said both may have early stages of the disease, but that it was too early to tell for certain. After Duke became infected, blood samples from Lovell, Haise and Mattingly were taken Monday and flown to the Manned Spacecraft Center in Houston. Analysis of these samples showed that all three men had satisfactory immunity to German measles at the time the blood was taken. But Berry said in the case of Haise and Mattingly, the information could be misleading.

Marijuana Cigarettes Confiscated

BENTON, Ark. (AP) — A package of 500 percolated "king-sized" marijuana cigarettes was confiscated here Monday by Customs officials, postal inspectors and Saline County Sheriff's officials.

Authorities said the package had been shipped from Vietnam to a family in a rural area 10 miles east of Benton.

Officers said a young serviceman who recently returned from Vietnam had been questioned about the package. Authorities said the man admitted the package was part of his belongings, but denied knowing the package contained marijuana. He said a friend in Vietnam had packed the parcel.

Sheriff Guy Grant of Saline County said no arrests had been made.

Murder Trial Underway at Nashville

NASHVILLE, Ark. (AP) — The first-degree murder trial of Cloy Thomas, 41, of Nashville continues here today.

Thomas is charged in the Jan. 16 slaying of his wife, Billie June Thomas, 38. Mrs. Thomas Boyd was found Jan. 31 in a shallow grave about 10 miles west of Nashville.

Nomination of Judge Carswell Rejected in Senate Vote 51 to 45

WASHINGTON (AP) — As the Senate takes its final vote on the nomination of Judge G. Harrold Carswell to the Supreme Court, the outcome remains in doubt. A pre-vote poll showed 44 senators favoring the nomination, 41 against, 11 undecided and four expected to be absent.

CAPE KENNEDY, Fla. (AP) — The Apollo 13 astronauts' doctor reports that two of them could break out in German measles at any time, forcing postponement of the start of their scheduled moon shot from Saturday to May 9.

SAIGON (AP) — Official sources say Cambodian and South Vietnamese authorities are collaborating in armed efforts to crush thousands of North Vietnamese and Viet Cong troops inside Cambodia.

WASHINGTON (AP) — The National Institute of Mental Health, a government agency, says that while there is no scientific proof that marijuana smoking automatically leads to hard drugs, serious questions, such as whether use causes brain damage, remain unanswered about its effects on chronic users.

HOLLYWOOD (AP) — John Wayne, Maggie Smith and "Midnight Cowboy" led the list when the motion picture academy presented its Oscars Tuesday night.

WASHINGTON (AP) — A six percent general pay raise for postal workers and most other federal employees has been cleared for final Senate action, but a proposal to finance the increase by raising first class postage rates faces stiff opposition.

WASHINGTON (AP) — President Nixon's proposal of a legislated contract settlement for the nation's railroad workers was apparently set to pass both houses of Congress today allowing it to become law before a strike moratorium expires Saturday.

WASHINGTON (AP) — A federal judge has ruled that Air Traffic Controllers who have been calling in sick contributing to a tie-up of air transportation have been illegally striking. He found the Professional Air Traffic Controllers Organization guilty of contempt and ordered the controllers back to work.

EDGARTOWN, Mass. (AP) — The threat of any further criminal prosecution in the death of Mary Jo Kopechne has passed with the adjournment Tuesday of the Dukes County Grand Jury. This leaves the way clear to making public secret testimony taken in January at an inquest into the death. Miss Kopechne died last summer in a car driven by Sen. Edward M. Kennedy.

SAIGON (AP) — Official sources say Cambodian and South Vietnamese authorities are collaborating in armed efforts to crush thousands of North Vietnamese and Viet Cong troops inside Cambodia.

WASHINGTON (AP) — The National Institute of Mental Health, a government agency, says that while there is no scientific proof that marijuana smoking automatically leads to hard drugs, serious questions, such as whether use causes brain damage, remain unanswered about its effects on chronic users.

HOLLYWOOD (AP) — John Wayne, Maggie Smith and "Midnight Cowboy" led the list when the motion picture academy presented its Oscars Tuesday night.

WASHINGTON (AP) — A six percent general pay raise for postal workers and most other federal employees has been cleared for final Senate action, but a proposal to finance the increase by raising first class postage rates faces stiff opposition.

WASHINGTON (AP) — President Nixon's proposal of a legislated contract settlement for the nation's railroad workers was apparently set to pass both houses of Congress today allowing it to become law before a strike moratorium expires Saturday.

WASHINGTON (AP) — A federal judge has ruled that Air Traffic Controllers who have been calling in sick contributing to a tie-up of air transportation have been illegally striking. He found the Professional Air Traffic Controllers Organization guilty of contempt and ordered the controllers back to work.

EDGARTOWN, Mass. (AP) — The threat of any further criminal prosecution in the death of Mary Jo Kopechne has passed with the adjournment Tuesday of the Dukes County Grand Jury. This leaves the way clear to making public secret testimony taken in January at an inquest into the death. Miss Kopechne died last summer in a car driven by Sen. Edward M. Kennedy.

2nd Defeat Is Handed President

By JOHN CHADWICK
Associated Press Writer
WASHINGTON (AP) — The Senate rejected by a 51-45 vote today the nomination of Judge G. Harrold Carswell to the Supreme Court, handing President Nixon a second defeat in his efforts to name a Southern judge to the nation's highest court.

The vote was greeted by cheers and applause in the packed galleries when it was announced officially by Vice President Spiro T. Agnew, the Senate's presiding officer.

The party breakdown showed 28 Republicans and 17 Democrats for confirmation and 13 Republicans and 38 Democrats against.

Of the nine senators who had not publicly declared their position in advance, all but J. Caleb Boggs, R-Del., voted against confirmation.

These were Sens. Marlow Cook, R-Ky., J. W. Fulbright, D-Ark., Mike Mansfield, D-Mont., Winston Prouty, R-Vt., Margaret Chase Smith, R-Maine, Ralph Yarborough, D-Tex., Howard W. Cannon, D-Nev., and Richard S. Schweiker, R-Pa.

Sen. Alan Cranston, D-Calif., an outspoken Carswell opponent, said after the vote "This is no occasion for rejoicing."

"It is a time when we should together seek constructive ways to narrow the gaps which divide us," he said. "I sincerely hope the President will now give us a nominee whose record and character merit Senate approval."

No Obstacle Seen Over Rail Bill

WASHINGTON (AP) — Senate and House members saw no obstacle today for quick passage of President Nixon's proposal to avert a nationwide rail strike.

Senate Democratic Leader Mike Mansfield, noting the Senate Labor Committee approved the bill unanimously Monday, said it appeared it would pass with little delay.

Rep. Harley O. Staggers, D-W. Va., chairman of the House Commerce Committee which approved the measure, 15-12 Tuesday, said he hoped the House also could clear it this afternoon.

There are minor differences between the two versions. But sponsors said these undoubtedly would be ironed out in time to get the bill to Nixon for signing before the Saturday strike deadline.

That's when the 37-day prohibition against a strike voted by Congress runs out.

The legislation would impose on the four shopcraft unions involved in the dispute and the rail lines a settlement which their negotiators worked out in December.

It was ratified by members of three unions—the machinists, electrical workers and boiler makers. But the members of one—the sheet metal workers—rejected it and mediators have been unable to work out an agreement since that time.

The December settlement provided pay increases of 68 cents an hour retroactively and prospectively for the 47,000 employees involved in the dispute. The current hourly wage is \$3.60.

The contract offer also contained a new work rule sought by the carriers which many sheet metal workers said they believed would cause them to lose jobs to members of the other three crafts.

Murder Trial Underway at Nashville

NASHVILLE, Ark. (AP) — The first-degree murder trial of Cloy Thomas, 41, of Nashville continues here today.

Thomas is charged in the Jan. 16 slaying of his wife, Billie June Thomas, 38. Mrs. Thomas Boyd was found Jan. 31 in a shallow grave about 10 miles west of Nashville.

Prosecutor Joe Hardegree of Mena said Tuesday in his opening statement that the state would prove Thomas shot his wife and buried her.

Defense attorney Boyd Tackett of Texarkana said Thomas buried Mrs. Thomas but did not kill her. Tackett told the all-male jury that Thomas was in another room of the couple's trailer when he heard something that sounded like a shot.

Tackett said Thomas found Mrs. Thomas dead or dying and, fearing he would be blamed, buried her.

Faubus Silent on Former Wife's Plans

HARRISON, Ark. (AP) — Former Gov. Orval E. Faubus refused to comment Tuesday night on the possibility that his former wife, Alta, might run for the Democratic gubernatorial nomination.

The former Mrs. Faubus said Monday she believed a woman should be elected governor and that she is considering the race.

Faubus, who served 12 years as governor, said his former wife's decision would not affect his own.

"If I decide to become a candidate for governor, I'll be based on issues rather than who may be a candidate," he said.

Police Probe Bike Thefts, Two Wrecks

Hope City Police report the arrest of two Negro youths and the recovery of five stolen bicycles and two auto accidents.

Officers Shirley and Neal recovered five bicycles and arrested James Lawrence, 13 and Leonard Ballance Jr., 15. They were turned over to juvenile authorities for action.

At 6th and Elm Streets yesterday about 4:25 p.m., autos driven by Alton J. Filding of McCaskill Rd. 1 and Mrs. Frances Avery of Hope Rt. 3 collided with very minor damage resulting. Officer Halton filed no charge.

Andrew Hawthorn of Nashville told officers Milam and Edwards that an auto pulled into the path of his car, forcing him into section of the Harvey Street railway underpass. There was considerable damage to the auto.
